BACK CHOOSE RETAIL LOCATION

Here's how it works:

You'll need a special barcode that can be created on your phone or computer.

1. Go to coautilities.com/go/paymentus.

2. Choose "Cash" as your payment method.

Barcodes are specific to your account and selected retailer and are only valid for 24 hours. If you decide to use a different retailer or don't complete the transaction within the allotted time, a new barcode must be generated in the payment portal.

3. Enter your zip code and select your preferred retail location from the list onscreen.

4. A bar code is sent to you via text or email.

5. Bring your bar code to the selected retail location.

It's easy to share from your phone screen.

6. Pay your bill in cash after the cashier scans your barcode.

You can let the cashier know how much you'd like to pay. The cashier will not see your bill, just the amount you tell them.

Please note that a \$2.95 convenience fee will be added.

For security purposes, use only barcodes that you request.
